

ALAN ADRIAN VEGA

IT Support & Infrastructure (Operations & Systems)

vegaalanadrian@gmail.com

Puerto Iguazú, Misiones, Argentina

Open to remote / relocation

PROFESSIONAL SUMMARY

IT professional with hands-on experience in IT support, infrastructure operations and internal systems, working in a real production environment. Strong exposure to user support, hardware, networking basics, system maintenance and internal software tools. Proactive, adaptable, and comfortable working closely with operational teams and end users.

Professional Experience

Iguazú Jungle – Customer Service

Jun 2023 - Dec 2025

- Customer-facing support in an international tourism environment.
- Team coordination and adherence to safety and operational procedures.
- Experience working under pressure with diverse users and stakeholders.

Iguazú Argentina – IT Support & Infrastructure Operations

Dec 2025 - Present

- Provide day-to-day IT support to internal users across administrative and operational areas.
- Install, configure and maintain workstations, peripherals, printers and network devices.
- Assist with network infrastructure tasks (switches, cabling, access points, IP devices).
- Perform basic system and server-related tasks in Windows-based environments.
- Troubleshoot incidents to ensure service continuity and operational uptime.
- Develop and maintain internal web-based tools to support business processes.
- Document procedures, incidents and IT assets.

TECHNICAL SKILLS

IT Support & Infrastructure

- Basic networking (LAN, IP addressing, switches, cabling)
- User support & incident handling
- Hardware & workstation troubleshooting
- Installation and basic configuration of CCTV / security cameras

Systems & Development

- JavaScript (ES6+), SQL
- Node.js backend development
- Git & GitHub
- API integrations

Education

High School Diploma - Administration & Economics
Instituto Secundario Adventista de Puerto Iguazú (IAPI)
2017 – 2022

Higher Technical Degree in Systems Analysis
Instituto Argentino De Estudios Superiores (IAES)
2023 - Present — In progress

KEY ATTRIBUTES

- Strong problem-solving and troubleshooting mindset
- Clear communication with technical and non-technical users
- Ability to work independently and take ownership of tasks
- Fast learner, adaptable to new tools and environments
- Reliable and detail-oriented in operational settings
